Date:10/08/2023(10:25:39)

Subject:Approval of LMI on System for Action on Investigation Reports

Sub:Approval of LMI on System for Action on Investigation Reports.

The OD on System for Action on Investigation Reports (ref- COS-ISO-00-OD/GEN/003 Rev. No.: 4) has been revised in June 2023.

Based on the OD ,following changes are incorporated in the LMI on System for Action on Investigation Reports ref noLMI/OD/GEN/003,REVISION NO. 6 :-

1. Clause 4 modified to include latest version of Procedure of Constituting Enquiry Committee & Conduct Enquiries.

2. Clause 6.1.1.1 and 6.1.2.1 modified to include the approval of submitted reports.

This supercedes LMI/OD/GEN/003 Rev.5 dated January 2023.

The LMI is attached for reference.

Put up for approval of HOP Simhadri please.

SYSTEM FOR ACTION ON INVESTIGATION REPORTS

1.0 PURPOSE

This LMI describes the procedure to be followed for examination/analysis of Investigation Reports and recommendations made therein on operation & maintenance related aspect of Simhadri Super Thermal Power Station for taking preventive and corrective action. This LMI will be applicable to all reports of investigations whether Internal or taken up by External Agencies, the reports of which are received in NTPC-Simhadri.

2.0 SCOPE

The procedure described below is intended to ensure that investigation Reports are circulated in a controlled manner and that the authority empowered to order implementation of the recommendations is clearly identified. Nothing in this LMI precludes the Head of the Power Station to act upon in cases where there may be immediate risk to Personnel, Plant or equipment, on any instruction received from Top Management or Statutory Authority or in case of Plant emergencies; the Head of Power Station considers it necessary to take action.

3.0 SUPERSEDED DOCUMENTS

This supersedes LMI/OD/GEN/003 Rev.5 dated January 2023.

4.0 REFERENCES

COS-I-ISO-00-OD/GEN/004- System for Reporting arrangements and investigations of Accidents, Dangerous occurrences and major Incidents in a Power Station.

Safety Document-CC Safety- Procd/Com/Accident Enquiry 20/R1 titled – Procedure of Constituting Enquiry Committee and Conduct Enquiries (latest revision).

5.0 DEFINITIONS

5.1 Internal Investigation

The investigations ordered by various authorities within NTPC.

5.2 External Investigations

The investigations ordered by external agencies, the need of which may

arise due to legal statutes or CEA or Ministry.

6.0 Receipt and distribution of Investigation reports

Investigation Reports may be received by any of the following authorities depending upon the authorities who have ordered the investigation: -

1. CMD
2. Director (Operations)
3. ED(OS)
4. ED(Region)
5. Head of Corp. Safety
6. Head of the Power Station

The Enquiry Reports will, normally, be given to the Authority who have ordered the Investigation. The authority ordering the investigation, shall approve the report if found appropriate. All approved enquiry reports of Internal Investigation shall be shared with Head of Corporate Safety, by enquiry ordering authority. The External Investigation Reports could also be received by any of the above authorities.

The authority whosoever is receiving the Reports shall send the Report to the concerned authority for examination, comments and action plan with target dates and responsibilities as detailed herein under:

-

6.1 Review and examination of the Reports

6.1.1 Reports received by Head of the Station

6.1.1.1 Internal Investigation Ordered by Head of Station: -

On receipt of the Investigation Report, the investigation of which has been ordered by Head of the Station, the Head of the station shall approve the report if found appropriate. After approval, the Head of Station will arrange to get the Report examined/ analyzed by Technical Services Department (TSD) at Station for preparation of an Action Plan with Target Dates and responsibilities for implementation of the recommendations wherever considered necessary. The Technical Services Dept. will take the help from concerned experts / departments as per requirement in finalization of the Action Plan. On submission of

such proposal, the Head of the Station shall approve the actions for implementation and issue instructions / LMI for its implementation, if required. A copy of the action plan will be given to the ORT coordinator through RED (South) for follow up during the ORT meeting every month.

Responsibility: HoD-TS

6.1.1.2 Wherever the Action Plan implementation involves any Plant Modification, such modification will be coordinated as per LMI/GEN/006 dated December 2022 Rev:3 (or any subsequent revision of this document) and DOP as applicable. For implementation of actions which are within the approval Powers of Regional ED/Corporate Operation Services, a proposal will be sent to the concerned authorities for approval. TSD at Station shall be the coordinating agency responsible for obtaining approval of Competent Authorities.

Responsibility: HoD-TS

6.1.1.3 External Investigations: If Report is received in Power Station, Head of Station will send the Report to Head of Corp. OS who will coordinate its review and analysis. Copy of the report would also be sent to RED (South) with one copy retained in the Power Station for Comments. Head of Station and RED (South) would send their comments to Corp. OS who will coordinate further. Corp. OS would arrange to process further as per procedure detailed in Para 6.1.3.4

Responsibility: HoD-TS

6.1.1.4 A flow diagram showing the process for the review, examination, implementation and compliance of the action plan for such investigation reports is given in Annexure - I

6.1.2 Reports Received by Regional ED

6.1.2.1 For investigations ordered by Regional ED

Wherever any Report is received by RED (South) for investigation ordered by him, RED(SR) shall approve the report if found appropriate. After approval, the Report shall be analyzed by Operation Services at Region and an Action Plan with target dates and responsibilities for implementation of recommendations will be submitted for approval of RED (South) wherever the action is within his Powers. The action plan along with the report shall be sent to the station for implementation. A copy of the action plan will be given to the ORT coordinator for follow up during the ORT meeting every month. For actions on recommendations

which are in the Powers of Head of Corp. (OS) / D (O) or it involves issue of any operation Directive, Operation Guidance Note or Operation Information Notes, a proposal will be sent to Corporate Operation Services. Head of ROS at SRHQ shall be responsible for obtaining such approval.

6.1.2.2 External Investigation

If the Report is received in the Region, RED (South) will send the Report to Head of Corporate OS who will coordinate its review and analysis. RED (South) would retain a copy of the Report and send his comments also to Head of Corporate OS.

6.1.2.3 A flow diagram showing the process for the review, examination, implementation and compliance of the action plan for such investigation reports is given in Annexure - II

6.1.3 Reports Received by Director (Operation) / Head of Corporate OS/ Head of Corp Safety

6.1.3.1 On receipt of Investigation Report either directly or through D (O), Head of Corporate OS / Corp. Safety shall send the Report to the concerned HOD for examination and Review. Comments from ED (Region) and / or Head of Power Station would also be obtained wherever required. The concerned HOD shall identify the recommendations which relate: -

- i) specifically, to a location or locations, or a particular type of plant or equipment
- ii) Generic to any Plant or equipment or processes or system in Power Stations.

6.1.3.2 Concerned HOD shall prepare a brief summary of the Report (if not already available) and an Action Plan with target dates and responsibilities for implementation of the Report / recommendations. The HOD while preparing the brief and formulating the proposals for implementation shall consult all relevant specialists' groups, in Corp. Operation Services / Engineering / R&D. In some cases, extensive discussions, by joint working groups, may be required before the implementation proposals could be developed with adequate details. The brief may also take into account recommendations and action taken on similar issues raised in previous inquiries, if any. The commercial and financial aspects of implementing the recommendations must also be assessed and indicated in the brief. This brief along with Action Plan and the Report will be submitted to D(O) through Head of Corporate OS. The action plan along with the report shall be sent to the station for

implementation of points within the purview of the station. A copy of the action plan will be given to the ORT coordinator through the ED (Region) for follow up during the ORT meeting every month and to Head of Corp. Safety.

6.1.3.3 Where the Report / Recommendations have universal application a Technical Compliance Document will be issued by Corporate OS. The category of the document i.e., Operation Directive, Operation Guidance Note or Operation Information Note will be determined in consultation with the ED (OS). Formal approval of the document shall be obtained from ED (OS) / D(O) as required.

6.1.3.4 Inquires ordered by External Agencies (outside NTPC – e.g., Ministry, CEA, State Government)

Reports of investigations conducted by any external agency should necessarily be sent to Corporate Operation Services who will be responsible for final action on such reports. Head of Corporate OS would arrange to review and analyze the Report after obtaining the comments from Head of the Power Station, ED(Region), Engineering and other Departments as per requirement and brief of Report, Action Plan with definite timelines, and the Report would be put up to CMD through D(O). Implementation of corrective and preventive action by the Station / Stations will be monitored by ED (Region) through the ORT Coordinator with periodic report to Head of COS and D(O). If any ODs / OGNs / OINs are to be issued, the same will be issued by defined authority.

6.1.3.5 A flow diagram showing the process for the review, examination, implementation and compliance of the action plan for such investigation reports is given in annexure – III

6.2 Implementation of Recommendations

6.2.1 The concerned Agencies, viz., Power Station, Regional and Corp. Operation Services Department will be responsible to ensure that the accepted recommendations have been implemented. This will be verified during the course of annual Technical Audit.

6.2.2 The ORT coordinator shall monitor the action plan for implementation of Committee Recommendations and include in the ORT Exception Report any deviation from the target dates, during the course of implementation of recommendations.

6.2.3 If anywhere, there is immediate risk to Plant, Personnel and equipment, the Head of the Power Station can take immediate action if it is considered necessary by him or based on any instruction from Statutory

Authority / Top Management in this regard. The Head of Corporate OS on being informed of such criticality will also ensure that immediate action is taken by the Station. This may take place even before the final report is received / approved.

- 6.2.4** On every accident investigation report circulated, head of Corporate Safety must take written compliance from each Head of Project that the danger identified in the accident investigation report either, does not exist in his project or, preventive action has been completed to ensure that similar accident does not repeat in his project.

6.3 Records at Station

1. Report of Investigations
2. Action taken on Report

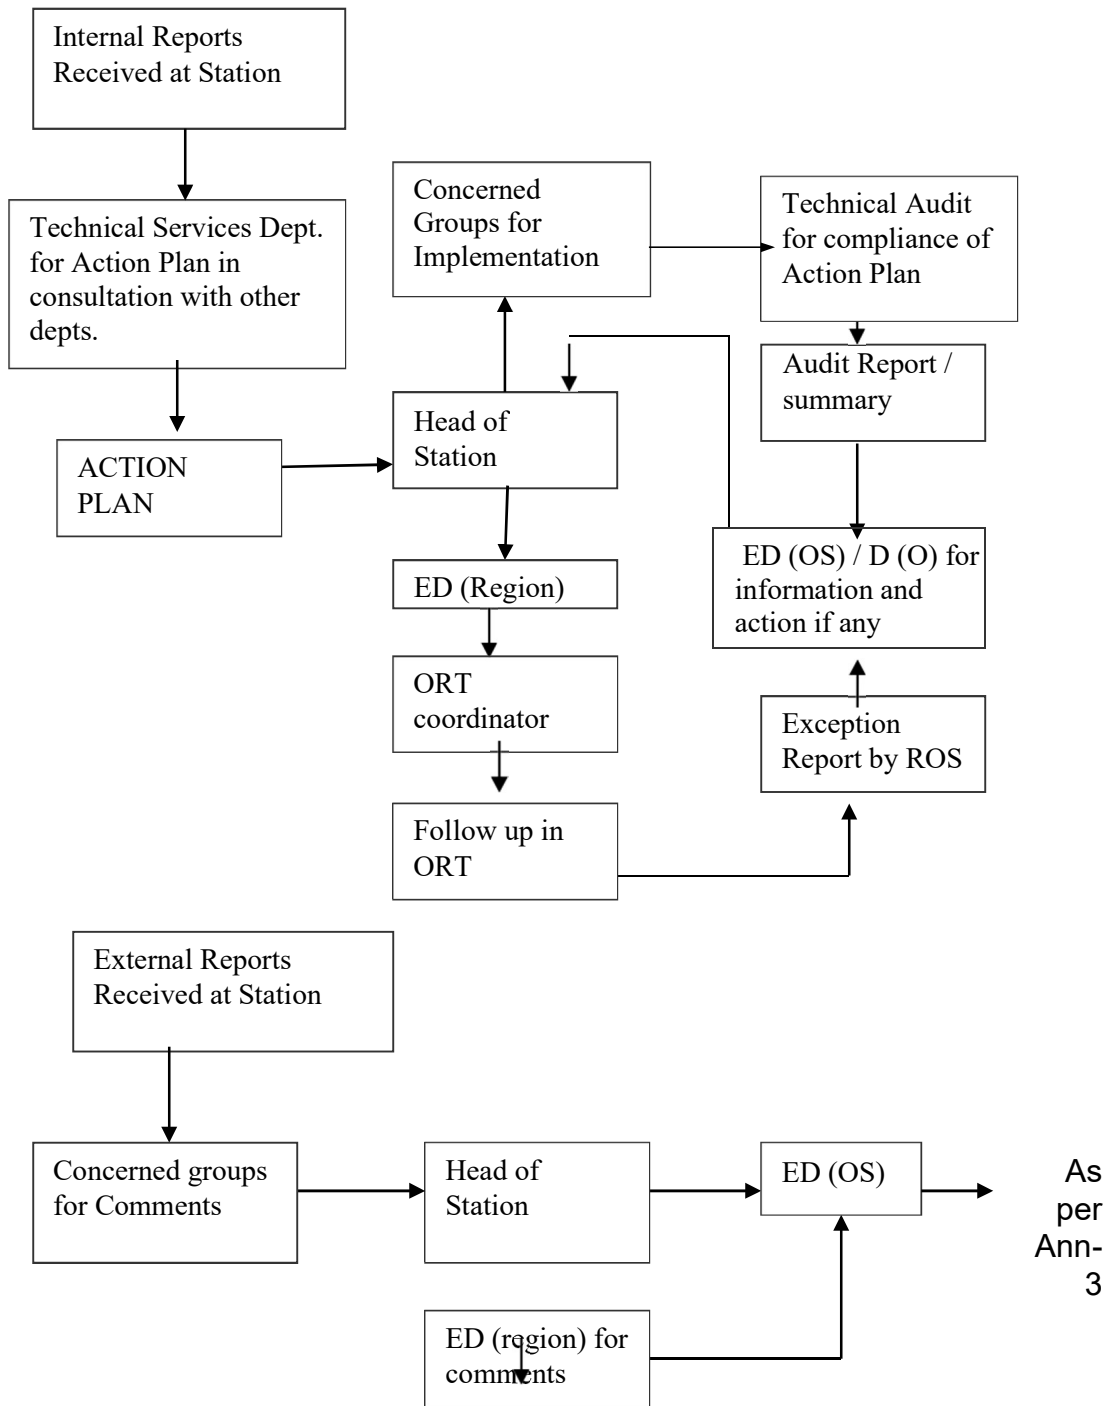

Responsibility: HoD-TS

7.0 Review

The Head of Project will be responsible for reviewing this document on a 2-yearly basis or as necessary.

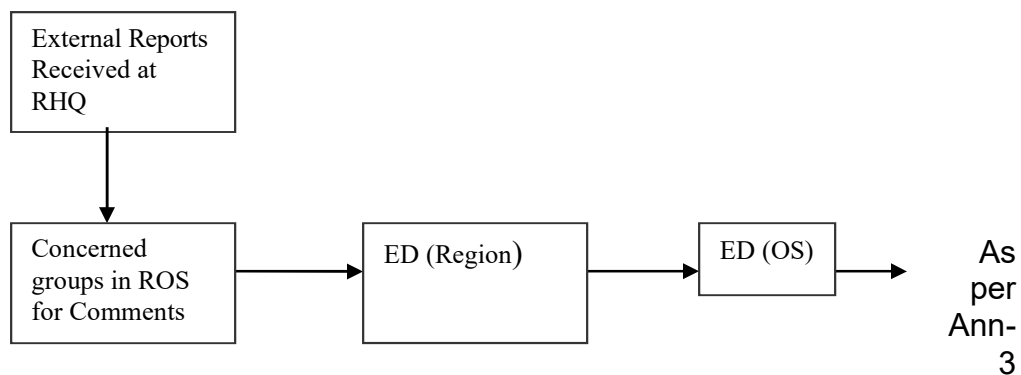

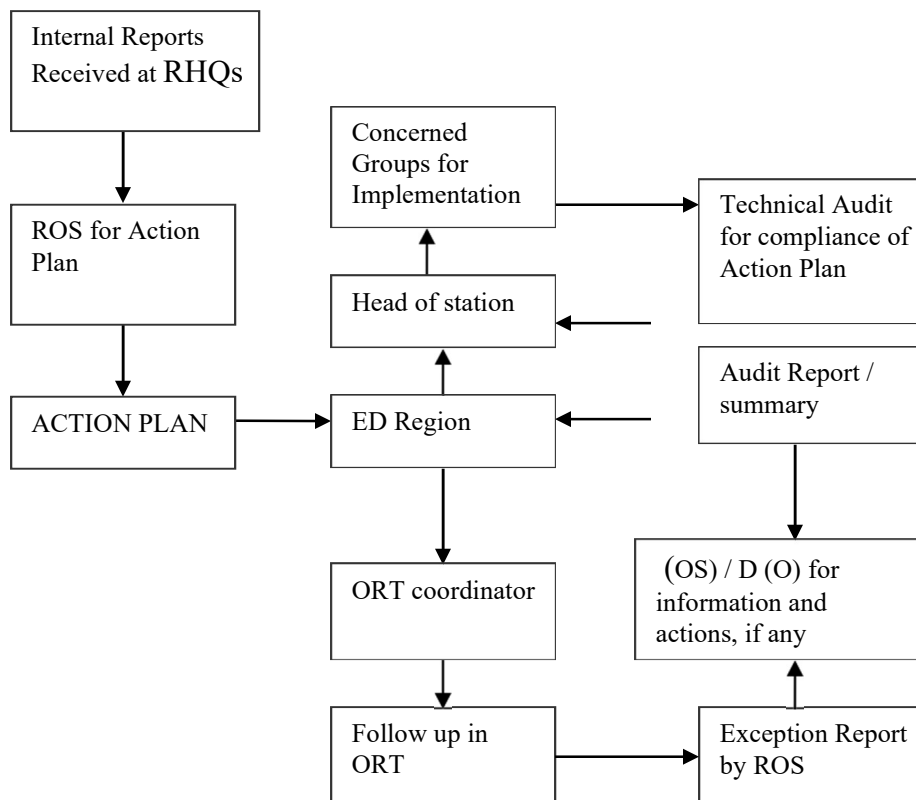

Annexure - I

Investigation Reports received at Stations

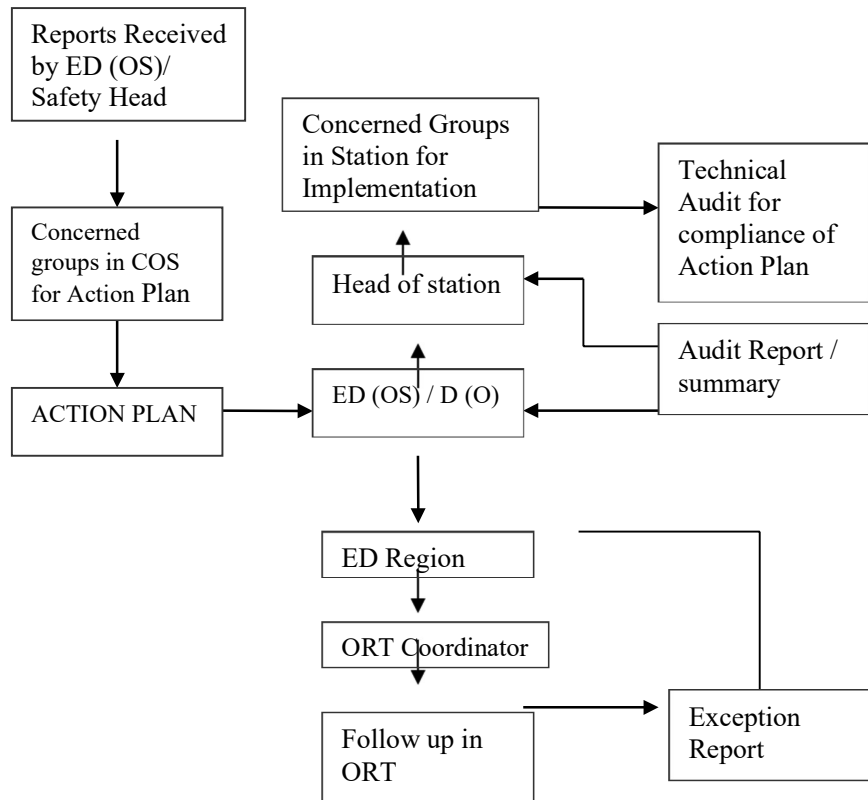

Annexure - II

Investigation Reports received at Regions

Annexure - III Investigation Reports received at Corp. OS

Note: For External Investigation Reports, if required the summary of report along with the action plan shall be put up to CMD through D (O).
